No assurance provided. See summary of significant assumptions.

Services Provided

The District is a quasi-municipal corporation and political subdivision of the State of Colorado under Title 32, Article 1 of the Colorado Revised Statutes, and was organized by order of the District Court in 2016. The formation of the District was approved by the City and County of Denver, Colorado. The District was organized to provide the public improvements and the operation and maintenance of the District. The District's service area includes 115.66 acres generally to the southeast corner of Green Valley Ranch Blvd and Chambers Road.

On November 8, 2016, the District's electors authorized debt in the amount of \$140,000,000 for public improvements including street improvements, park and recreation, water, sanitation, public transportation, mosquito control, and traffic and safety control. \$60,000,000 of debt was also authorized for the purpose of refunding debt, operations and maintenance, and intergovernmental agreements. The District is authorized to increase taxes \$20,000,000 annually to pay the operations and administrative costs of the District, without limitation. Additionally, the Service Plan limits (except for a Gallagher adjustment) the District's total mill levy to 50.000 mills.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statues C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The District's maximum Required Mill Levy is 55.664 mills, adjusted for changes in the ratio of actual value to assessed value of property within the District. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal, premium if any, and interest on the Bonds as the same become due and payable [and to make up any deficiencies in the Reserve Fund]. As of December 31, 2021, the adjusted maximum mill levy for debt service is 44.531 mills and for the general fund mill levy is 11.133.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Revenues (continued)

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 5.00% of the property taxes collected.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 0.50%.

Administrative Fee

The District imposes Administrative Fee associated with a transfer of ownership of any dwelling unit located within the Property in the amount of \$100 per unit. The fee is due and payable at the time of sale, transfer or re-sale of any unit constructed on a lot which has a certificate of occupancy. The District's Board of Directors has approved and increase to the District's rate structure effective January 1, 2021. The transfer fee increased from \$100 to \$250 per unit. It is anticipated that in 2021 the District will have 84 dwelling units.

Operations and Maintenance Fees

The District imposes an Operations and Maintenance fee (O&M fee) to offset the operations and maintenance expenditures of the District. In the amount of \$168 per quarter for each residential unit, \$183 per quarter for each rear-loaded residential unit and \$183 per quarter for each townhome unit. The District's Board of Directors approved an increase to the District's rate structure effective January 1, 2021. The O&M fees have been increased from \$168 to \$177 for each residential unit (5% increase), from \$183 to \$212 (15% increase) for each rear-loaded residential unit and from \$183 to \$196 for townhomes (%7 increase). The O&M fees will be billed quarterly as determined by the District. The amount charged by the District for Operations and Maintenance Fees is anticipated to be \$548,372. The rate increase was needed to compensate for higher operating cost.

Expenditures

General and Administrative Expenditures

General and administrative expenditures include the estimated cost of services necessary to maintain the District's administrative viability such as legal, accounting, insurance, dues, and other administrative expenditures. Estimated expenditures related to clubhouse maintenance, operations and management are included in the Special Revenue Fund budget.

County Treasurer's Fees

County Treasurer's fees have been computed at 1% of property tax collections.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule from the Series 2017A Bonds and Series 2017B Bonds (discussed under Debt and Leases).

Capital Outlay

The District anticipates infrastructure improvements as noted in the Capital Projects fund in 2021.

Debt and Leases

In August 2017, the District issued \$9,690,000 in Series 2017A Limited Tax (convertible to unlimited tax) General Obligation Bonds with interest of 5.375%. The Bonds are subject to redemption prior to maturity at the option of the District and due on August 1, 2047.

The bonds are secured by and payable from Senior Pledged Revenue consisting of monies derived by the District from the following sources, net of any collection costs: (1) all Senior Property Tax Revenues, (2) all Senior Specific Ownership Tax Revenues, (3) all Capital Fees and any other legally available monies which the District determines to be treated as Pledged Revenue. The Bonds are also secured by amounts held by the Trustee in the Reserve Fund in the amount of \$793,518.76. The Reserve Fund was created for the purpose of paying, if necessary, the principal of, premium, and interest on the Bonds. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal, premium if any, and interest on the bonds as the same become due and payable and to make up deficiencies in the Reserve Fund.

The maximum Required Mill Levy is 40.000 mills, adjusted for changes in the ratio of actual value to assessed value of property within the District. As of December 31, 2021, the adjusted maximum mill levy is 44.531.

In August 2017, the District issued \$2,539,000 in Series 2017B Subordinate Bonds. The Bonds are special limited obligations of the District secured by and payable from the Subordinate pledged revenues, subject in all respects to the prior lien in favor of the Senior Bonds. The Series 2017B Subordinate Bonds are term bonds due on August 1, 2047 at an interest rate of 8.00%.

Proceeds of the Bonds were used to finance and reimburse the costs of public improvements necessary for development within the District and with respect to the proceeds of the 2017A Bonds only, fund capitalized interest account on the 2017A Bonds, fund the Senior Reserve Fund and pay the costs of issuing the Bonds.

The District has no operating or capital leases.

Reserves

Emergency Reserve

The District has provided for an emergency reserve equal to at least 3% of fiscal year spending as defined under TABOR. Such emergency reserve is an integral part of Ending Funds Available. In addition, the District established a Special Revenue Fund Reserve that is equal 3% of the operations and maintenance fees revenue available.

Debt Service Reserves

The District maintains a Debt Service Reserve as required with the issuance of the 2017A Bonds.

This information is an integral part of the accompanying budget.
